Issue date: 5 May 2023

The Government of Armenia has applied for a financing from the European Investment Bank and Neighborhood Investment Platform, a financing instrument of the European Union toward the cost of the Yerevan Energy Efficiency Project 2, and, if the financing is approved, it intends to apply part of the proceeds to payments for works and consulting services to be procured under this project. The project will be implemented by the Yerevan Municipality.

The Project will include the following components:

- (i) seismic upgrades, energy efficiency improvements and reconstruction of kindergartens located in Yerevan, Republic of Armenia,
- (ii) seismic upgrades, energy efficiency improvements and reconstruction of polyclinics located in Yerevan, Republic of Armenia,
- (iii) provision of engineering and technical supervision services,
- (iv) provision of design and author supervision services of the polyclinics.

Contracts to be financed with the proceeds of a loan and a grant will be subject to the EIB's Guide to Procurement in case the Bank financing is secured. The proceeds of the loan and grant will not be used for the purpose of any payment to persons or entities, or for any import of goods, if such payment or import is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations or under a law of official regulation of the Purchaser's country.

Tendering for contracts is open to firms from any country.

Tendering for the above contract/s is expected to begin in the Q2 2023.

Specific Procurement notices for contracts subject to open international competitive procurement will be announced, as they become available, in Official Journal of the European Union (OJEU), in SUDIP Yerevan and Yerevan municipality official websites, and in the "Republic of Armenia" national newspaper.
